

**Faculty Group Practice (FGP)
Benefit Changes Effective September 1, 2020**

Due to the financial hardship experienced as a result of COVID-19, the University of Arkansas System Office and UAMS have been looking at several cost-cutting measures that has a positive financial impact with minimal disruption for our faculty and staff. One of those measures include changes to two components of the Faculty Group Practice (FGP) benefit plans. These changes will take effect September 1, 2020.

Which benefits are changing?

1. Umbrella Liability Coverage
2. FGP Long Term Disability

Umbrella Liability Coverage

Effective September 1, the premium for the Umbrella Liability policy will no longer be covered by UAMS. The reason for this change is, based upon a recent audit, there has been one claim on this benefit over the last 20 years. Due to the low usage, eliminating this benefit creates an opportunity for UAMS to save this unnecessary cost to cover current and future expenses, while retaining key health benefits that are important to our faculty members.

Current employees who elected this policy will remain enrolled until August 30, 2020.

Should you wish to retain this benefit, please contact McGriff Insurance Services at 800-827-7844 to determine if an individual policy may be an option for you at that time. As a reminder, most homeowners' policies offer an umbrella policy option, which may reduce your homeowners' premium. Please contact your current homeowners' agent to determine if you qualify.

FGP Long Term Disability

Also, effective September 1, the long-term disability benefits for FGP members will be insured under one group policy through the University's current disability carrier, Standard.

Following is a comparison of current benefits (the hybrid of a group plan with Standard and an individual plan through James D. Foss & Associates) and the new group plan. At this time this went to print, the Summary Plan Description for the new LTD plan was not finalized. We will share that with you via e-mail and will post it on our website as soon as it becomes available.

	CURRENT – FGP GROUP “BASIC” STANDARD PLAN & INDIVIDUAL “EXPANDED” UNUM PLAN	NEW - THE STANDARD FGP GROUP LTD PLAN AS OF 9/1/2020

Rates are age-based. <u>Individual “Expanded” Unum Plan</u> Expanded plan is individual, fully portable.	No change

Q: I am concerned about “own occupation.” I am a specialized physician. If I am no longer able to perform those duties will I be forced to take a lesser job and lose my LTD benefits?

A: No. Here is an excerpt from the Summary Plan Description:
Own Occupation means any employment, business, trade, profession, calling or vocation that involves Material Duties of the same general character as the occupation you are regularly performing for your Employer when Disability begins. In determining your Own Occupation, we are not limited to looking at the way you perform your job for your Employer, but we may also look at the way the occupation is generally performed in the national economy. If your Own Occupation involves the rendering of professional services and you are required to have a professional or occupational license in order to work, your Own Occupation is as broad as the scope of your license. If your Own Occupation is medical doctor, during the Benefit Waiting Period through the end of the period for which benefits are payable, we will consider your Own Occupation to be the one general or sub-specialty in which you are board certified to practice for which there is a specialty or sub-specialty recognized by the American Board of Medical Specialties, provided you have earned at least 60% of your gross professional service fee income in your specialty or sub-specialty during the 24 months immediately before you become Disabled. If the sub-specialty in which you are practicing is not recognized by the American Board of Medical Specialties, you will be considered practicing in the general specialty category.

Q: Why is VA pay no longer covered?

A: The group plan will only cover wages and incentives paid by UAMS and processed through our payroll system. This affects less than 50 faculty members.

Q: If I elect to keep my current expanded individual plan and pay that premium myself to James D. Foss and Associates, and I become disabled in the future, will that plan pay in addition to the new UAMS group plan, such that my benefit will be greater than 60% of what I was making?

A: Yes, but only up to a point. If the combination of LTD benefits from your individual plan and the new UAMS group plan would exceed 80% of your previous income, then the UAMS benefit will be reduced so that the combined benefits would not exceed 80%.

Q: If I decide to keep my current expanded individual plan, can I payroll deduct the premium?

A: No, as we are changing vendors you will not be able to do payroll deduction for an individual plan. You may contact James D. Foss and Associates at 501-221-3700 to determine if this is an option.

Q: If I have questions, who do I contact?

A: You may contact the UAMS Office of Human Resources at (501) 686-5650 or AskHR@uams.edu. Questions about your current individual expanded coverage should be directed to James D. Foss and Associates, 501-221-3700.
