Arkansas PBS

Free Membership Offer for State Employees

Arkansas PBS is the only state-wide network delivering daily education content, essential public affairs information, and the shows you love. In this past year alone we've created content for remote education support, expanded our high school sports coverage and added new rural community content with Good Roots and Urban Forge. We increased our digital content and capabilities with PBS Passport and now offer all four of our channels (PBS Kids, World, Create and Arkansas PBS) on livestream on our website. Arkansas has a lot to be proud of and none of this would be possible without the generous support of our fellow state employees.

As a thank you for your tremendous support and partnership, we would like to extend a special offer of a one-year free membership for first-time members to all state employees. This membership includes special, early access to VIP events, early access to concert tickets and reserved space at our exciting new events this year. Additionally, your twelve-month subscription will include our program guide with detailed listings as well as behind-the-scenes information on our productions and state projects.
