Coinsurance: The percentage you pay toward the cost of covered services after you pay the deductible.

Copayment (copay): The fixed dollar amount you pay each time you receive a covered service or supply.

Deductible: The fixed dollar amount you pay each year before the plan pays for covered services. In-network and out-of-network deductibles accumulate separately and do not cross-apply.

EBRx: A UAMS service that provides prior authorization, appeal and exception support for the health plan pharmacy program. Contact EBRx at 501-214-2156 or toll-free at 833-650-0475.

Out-of-Pocket Maximum: The most you pay toward your deductible, coinsurance, and copayments (combined) in any calendar year. The out-of-pocket maximum does not include the prescription drug out-of-pocket maximum (Classic and Premier plans) or non-covered services.

Preventive Care Services: Include well-baby/child visits, annual wellness exams, screenings, and immunizations, as provided in the ACA and ACIP guidelines.

Prior Authorization (PA): Required for many complex or inpatient services and procedures. Check the plan document or contact UMR for information on PA. These are some examples of services requiring PA:

- Admission to inpatient facilities or partial hospitalization units
- Referral to out-of-network care
- Prenatal/maternity care
