The ProSource Corporate ALLIANCE PROGRAM

Extraordinary Value at Wholesale Prices

ProSource Corporate Alliance gives your employees the edge when it comes to home improvement. ProSource Showroom Members are guaranteed the lowest wholesale prices – up to 40% off retail on 25,000 flooring choices in-store and 40,000 products online, allowing them the opportunity to improve the value and quality of their homes for less.

ProSource provides an exclusive opportunity to buy floors like a contractor. Your employees can purchase the latest styles of carpet, hardwood, vinyl, ceramic, laminate, stone, marble and much more at prices even lower than the home centers and specialty stores. Our friendly and knowledgeable flooring experts are always available to guide customers through our trade professionals-only Showroom, helping them select the perfect floor for their homes.

How the Corporate Alliance Program Works:

- 1 Once your company is set up as a ProSource Showroom Member, employees can purchase flooring through the Membership at true wholesale prices. There is no charge for program setup or Membership.
- 2 Your employees have access to a beautiful, well-designed, trade professionals-only Showroom. Product tags feature suggested retail prices you'd expect to find at a competitor's store and the low wholesale price your employee would pay.
- 3 ProSource provides an initial letter or payroll stuffer for each employee detailing your company's participation and how employees can purchase flooring at wholesale prices.
- 4 To ensure the integrity of the program, ProSource may require employment verification.
- 5 You may cancel your program at any time.
