

LEADERSHIP INSTITUTE

The UAMS Leadership Institute is a 10 month program aimed at identifying and developing leaders who will contribute to the continued success of UAMS. The participants will have the opportunity to interact with colleagues and professionals from the campus and community, gain a better understanding of their personal leadership styles, build relationships across campus and understand the issues facing leaders in the health care industry.

Program Objectives:

- Leadership development through deepening understanding of personal strengths and organizations dynamics.
- Assess the organizational environment while expanding knowledge of culture changes and strategies that can help the organization grow and develop
- Build stronger alliance while supporting the organization's mission and strategy

Session Topics:

- Followership
- Multicultural Management
- Leadership Wellness
- Change Management
- Peer Coaching
- Self-Management

Included Assessments:

- ESCI 360
- Birkman

Who Should Apply?

- Applicant has completed the Leading with Purpose
